

DEWEY RIDES IN THE GREAT PARADE

Chicago Outdoes Itself in a
Monster Pageant to
Honor the Sailor.

STREETS ARE CROWDED

Admiral Viewed the Procession
With Mayor Harrison from
the Non-Union Stand

IS ONE CONTINUOUS OVATION

Chicago, May 1.—[Special Telegram]—Dewey has captured Chicago. Such an overwhelming and spontaneous reception has never been seen in this city of great crowds. The admiral cannot make a move but what he is hemmed in by vast crowds who cheer him enthusiastically.

In the shimmer of lights and color at the naval and military ball at the Auditorium last night, tribute again was paid. Today thousands of men passed in review before the admiral and he will run a gauntlet of receptions until midnight. Tomorrow he will inspect Chicago's waterway which leads to the gulf—the drainage canal. Another chain of receptions and dinners, and on Thursday morning he leaves to receive the plaudits of other cities of the west.

Pleased with Reception.
Admiral Dewey was pleased with the character of his reception. He said so during the moments he sought rest and dodged committees from Canada and other portions of the continent seeking to claim him for other festival days. Mrs. Dewey, too, radiant and smiling, expressed pleasure at the events marking the entry into Chicago. Even Ah Mah, the admiral's Chinese valet, pronounced himself thoroughly happy.

Plain George Dewey.
Admiral Dewey is plain George Dewey, sailor, on this visit. He does not talk politics. He will not canvass the Presidential situation nor the chances of his candidacy securing him the first place on a ticket of any party. He guards against the questions of newspaper men, and insists he has nothing to say of a political tenor.

Was a Grand Parade.
The parade was one of the grandest and most brilliant ever seen in Chicago. The streets through which it passed were packed and the hero of Manila was wildly cheered as he passed the immense throngs of people.

The admiral reviewed the pageant from the non-union stand on Jackson Boulevard. There was no demonstration and the affair passed off quietly and pleasantly.

The parade, consisting of eight divisions, started promptly at 11 o'clock headed by a platoon of Chicago policemen, General James F. Wade, U. S. A., chief marshal and personal aids.

The First Division.
The first division was made up as follows:

Division marshal, General C. S. Bantley.
Mayor E. L. Brand, chief of staff.
Colonel C. H. Felton, adjutant general.
Captain H. W. Howe, senior aid.

Band.
Admiral Dewey, accompanied by Mayor Harrison and Charles A. Plimondon, chairman reception committee, in special carriage.
Guard of honor, sixteen members of Naval Veterans association preceding Admiral Dewey's carriage.
Ensign B. R. T. Collins, commanding sixteen members Naval Veterans association following Admiral Dewey's carriage.
Ensign George Hollman commanding Veterans of battle of Manila.

Carriages.
Officers of the United States navy.
Officers of the United States revenue service.
General executive committee.
Special guests of Chicago.
Members of other committees.
Common council, city of Chicago.

This afternoon the admiral will be given a luncheon and reception at the Union League club, and tonight a reception by Mayor Harrison at the University club. At 11 o'clock the Dewey party will attend the Naval Reserve ball at the First Regiment Armory.

ARE CHARMED BY MRS. DEWEY
She is Very, Very Nice is the Verdict of Chicago Women.

Chicago, May 1.—"She is very, very nice" was the opinion voiced by the members of the women's special reception committee after a half hour's chat with Mrs. Dewey.

"Yes very nice" as Mrs. Dewey's pleasant laugh was heard above the sound of talk in an adjoining room. And then these particular committee women turned half round to smile and nod at the figure of a little woman who was talking affairs of the day with a Chicago politician.

"Shorter than the admiral" whispered one, and so she is and quite as substantial. "And the political head of the household," ventured another and again the guess seemed to be correct. There was an unmistakable knowledge of the political world in what Mrs. Dewey said, although she said nothing at all about

politics in the course of her day's conversation. Mrs. Dewey is a good talker, but she listens quite as well and with a keenness of observation which lets not the smallest pleasant escape.

"I read everything which is written about me," she said. "everything good or bad," and a look of restless activity came into her gray-brown eyes.

"Are you not afraid?" asked a committee woman.

Mrs. Dewey looked away over the lake which she did not see.

"No," she answered dreamily.

"We hope to welcome you in Chicago next time as the 'first lady of the land,'" ventured some one else.

Mrs. Dewey laughed a knowing little laugh. "It would be happiness to come to Chicago as anyone," she said.

HOW DID HE TURN DEMOCRAT?

J. P. Towne, an Edgerton Man, Used to Know Dewey in the '50s.

Chicago, May 1.—"George Dewey used to shout for the whig presidential candidates. What I want to know is, How did he become a democrat?" This problem was propounded by J. P. Towne, a classmate of the admiral's at Norwich college in the early '50s, when he called on the admiral in the afternoon. Mr. Towne now resides at Edgerton, Wis., and it has been years since he saw the chum of his college days.

He met with a hearty reception, but his problem remains unsolved.

"We were in Norwich College together in 1851 and 1852," said Mr. Towne.

"George was a lively 'duck' in those days. He was sixteen years old and wanted to go to sea. He talked sailor's life non-stop and night. We boarded at the same place, and George was the life of the whole crowd. He had talked 'sailor' and 'sea' to his father for months, but his father couldn't see it that way, and George came to Norwich College as a compromise.

"They say now that George is a democrat. Wonder how he became one? Why, when we were at Norwich he yelled like everything for Scott, the whig candidate, who was opposing Pierce for the presidency. But he's a democrat now, is he? I wonder how."

ST. LOUIS PLANS ARE COMPLETE

New York, May 1.—[Special Telegram]—A sensational story appears in the Times this morning, charging H. H. Rogers and Standard Oil influences with the responsibility of the recent failure to complete the sale of the Danish West Indies to the United States for four millions and the subsequent negotiations between Denmark and Germany. It is claimed this knowledge prompted Root's Monroe doctrine speech at the Grant dinner.

FORAKER'S SCHEME IS BADLY BEATEN

CONGRESSMAN COOPER GIVEN CREDIT FOR GOOD WORK.

Congress Votes Safeguards on Porto Rican Franchises—Land-Grabbing is Prevented—House Amendments, in Modified Form, Accepted by the Senate Despite Ohioan's Opposition.

Washington, May 1.—Senator Foraker, as corporation champion at the expense of impoverished Porto Rico, met with signal defeat in both branches of congress yesterday afternoon. The senate conferees were forced to accept, in slightly modified form, the house amendments to the Porto Rico resolution.

These changes throw essential safeguards around the granting of franchises in the island and prevent the land grabbing which would have been possible in a lesser measure had he succeeded in delaying action until after today, when the Porto Rico civil government law goes into effect. As it is, the conferees report was adopted by both senate and house yesterday afternoon, and the resolution was sent to President McKinley for his signature last night.

Cooper Deserves the Credit.

Congressman Cooper of Wisconsin, chairman of the house committee on insular affairs, deserves chief credit for Senator Foraker's defeat. Despite the Ohioan's plainly manifested intention at last week's meeting of the conferees to delay action until too late to give the island the necessary relief, Mr. Cooper succeeded in having another meeting this afternoon, and the result was the victory of justice over avarice.

Senator Foraker hung out to the last, claiming that an open policy in Porto Rico—that is, open for corporations—is the best one to be pursued. Mr. Cooper was insistent and after a prolonged struggle the senators finally yielded.

Prevents Land Grabbing.

The ninth amendment inserted by the conferees committee refers to the restriction to be placed on the charters of corporations authorized to engage in agriculture. The general "grabbing" of all the good lands in the island by the syndicate referred to in the letter received by Representative Moody of Massachusetts, and the resultant discontent and discouragement of the inhabitants of the island, is in this way circumvented.

This was one of Mr. Cooper's original idea, though the first draft of the amendments did not have this clause inserted. The other changes are of minor importance.

JUBILEE OF MUSIC IN THE CREAM CITY

MILWAUKEE'S GREAT MUSICAL FEST WILL OPEN TONIGHT.

Great Stars Will Sing at the Pabst Theatre—The Opening Concert—Big Event Will be the Grand Concert at the Exposition Building Thursday Night—Carl Schurz to Speak.

Milwaukee, May 1.—The beginning of the Milwaukee Musical society's golden jubilee is down for tonight, but all of yesterday there was music in the air, literally and figuratively.

The concert tonight at the Pabst will be the Milwaukee Musical society's own private celebration of its fiftieth anniversary, and that part of the outside public which will be allowed to pass the entrance doors of the theatre will get in only because there will be a few more seats than the society and its guests require.

Stars Will Sing Tonight.

Gadeki, Schuman-Heink, Bispham and Dippel will sing in the concert to-night and Director Luening will wield the baton over the orchestra of sixty picked men, and a chorus of 200 voices from the society. Rudolph Schmidt, a Milwaukee singer, will appear on the program also.

Dinner to Carl Schurz.

Gen. Carl Schurz, who speaks at the concert tonight and who is the guest of Gen. F. C. Winkler, at his residence on Eleventh street, rested yesterday morning seeing only a few of his old and more intimate friends. In the afternoon he took a drive about the city with Jacob Heyl and at night he was the guest of honor at a dinner given by Mr. and Mrs. Christian Wahl, Prospect avenue.

There will be a great concert at the Exposition hall on Thursday night, which is expected to draw an audience of 10,000 people.

SEATTLE WOMAN IS ROBBED IN CHICAGO

Looses About Seventy Thousand Dollars' Worth of Money and Diamonds and a Son.

Chicago, May 1.—[Special Telegram]—Mrs. M. J. Neveu, who four months ago returned from Cape Nome, was robbed during last night of seventy thousand dollars' worth of stocks, bonds, dust, nuggets and diamonds in a boarding house on Illinois street. She reported the case to the police at four o'clock this morning.

She says with her son Thomas and Fred she dined last night, after which she became drowsy and had to retire early. She awoke at three o'clock this morning and found the valise with her valuables gone.

She went to notify her sons and discovered that Thomas had left the house. Further investigation revealed that the young man's sweetheart was also missing, she says. She believes that morphine was administered by the thief.

She expected to leave Thursday for Seattle to join her husband in another trip to the gold fields. Detectives are searching for the thieves and also to ascertain the whereabouts of Thomas and his sweetheart. Mrs. Neveu's home is in Seattle.

SULTAN REMAINS SILENT.

Portraits in Sending Ahmed Pasha to Buy a Cruiser.

Constantinople, Monday, April 30.—There are no fresh developments regarding the American indemnity question. If within a week the porte does not answer the United States Legation's note of April 24, it is probable that Lloyd C. Griscom, the American charge d'affaires, will renew his demand. The project of sending Ahmed Pasha to the United States to negotiate for the purchase of a cruiser is persisted in, although the United States government continues determined not to consent to the amalgamation of the proposed purchase with the indemnity question. The representative of the Associated Press is assured that Ahmed Pasha will start for the United States tomorrow (Monday). The statement that the indemnity question was discussed at the audience had with the sultan by Mr. Griscom April 20 is incorrect. The matter was not discussed.

WOULD PAY CINCINNATI'S DEBT

Sensational Proposition from a Trustee of the Southern Railroad.

Cincinnati, O., May 1.—Southern Railroad Trustee Harry R. Smith spent half a day examining records relating to taxation in the county auditor's office. In a statement to Auditor Lewis and several other officials he announced a rather startling proposition which, it is understood, will be made formally to the sinking-fund trustees of the Cincinnati Southern. He said: "If the city will give us full authority to handle the Southern railroad we will assume the entire indebtedness of the city, pay off the interest and the debt, including that of the Southern, and turn over the road in time free of incumbrances." He stated that it might require some additional legislation, but declined to go into details, except to say that it would reduce the tax levy, but that the sale of the road would increase it. To accomplish the result proposed the trustees would be compelled to raise, in the present condition of the city debt, \$2,130,000 a year. The present income from the road is \$1,000,000, or \$1,040,000 less than the total required. The plan is thought to involve the refunding of the debt.

Pole-Carew's division returned to Dewetadorp yesterday. French is effecting a junction with Brabant who moved north after the relief of Wepener. GIVES M'KINLEY 260 AND MR. BRYAN 174

Grosvenor Makes First Estimate of Vote for President This Year.

TWO STATES DOUBTFUL

Results in Delaware and Kansas He Concedes Will be Very Close.

HANNA FEELS VERY HOPEFUL

Washington, D. C., May 1.—Gen. Charles H. Grosvenor is out with the first detailed estimate of the vote in the next Electoral college. Like other republican leaders, Gen. Grosvenor believes Bryan will be the next democratic nominee, and that the issues will not differ materially from those of four years ago, save that the results of the war with Spain will inject a new feature.

In the estimate made by Gen. Grosvenor only two states appear doubtful. They are Delaware and Kansas, having a total of thirteen in the Electoral college. The states conceded to be democratic, with the number of votes in the Electoral college belonging to each, are: Alabama, 11; Arkansas, 8; Colorado, 4; Florida, 4; Georgia, 13; Kentucky, 13; Idaho, 3; Louisiana, 8; Maryland, 8; Mississippi, 9; Missouri, 17; Montana, 3; Nebraska, 8; Nevada, 3; North Carolina, 11; South Carolina, 9; Tennessee, 12; Texas, 15; Utah, 3; Virginia, 12; total, 174.

States Claimed for McKinley.

General Grosvenor claims the following states for McKinley: California, 9; Connecticut, 6; Illinois, 24; Indiana, 15; Iowa, 13; Maine, 6; Massachusetts, 15; Michigan, 14; Minnesota, 9; New York, 36; Pennsylvania, 32; Rhode Island, 4; South Dakota, 4; Vermont, 4; Washington, 4; West Virginia, 6; Wisconsin, 12; Wyoming, 3, total, 260.

There will be 447 votes in the Electoral college and it will take 224 to elect.

"I concede Maryland and Kentucky to the democrats," said Gen. Grosvenor, "and I am magnanimous enough to give them Nebraska, although I am not sure but McKinley will carry that state. It ought to be classed as doubtful. Bryan carried Kansas four years ago but I do not think he will be successful this year and I class that state as doubtful. All this talk about Indiana going democratic is bosh. The Porto Rican tariff about which there has been such a howl, is going to help rather than hurt."

Hanna on the Campaign.

Cleveland, O., May 1.—The Leader received from its Washington correspondent last night the first statement from Senator Hanna, who is chairman of the Republican National committee concerning the outlook for the coming presidential campaign from a Republican outlook.

"As a result of a careful study of the situation, I feel perfectly safe in making the prediction at this time that McKinley will be re-elected. Republicans should make the same kind of a fight they did in 1896. There should be no cessation in their endeavor to elect their candidates, and their application and attention to the details of the campaign must be steady and unceasing.

They should go into the contest on the supposition that hard work is absolutely essential to a victory. The spirit of Republicans this year is of a most gratifying kind and all reports which I have received are to the same effect. Evidence is plentiful all over the country that the Republican party realizes fully the necessity of entering the campaign with earnestness and a determination to win a victory.

"Altogether I am pleased with the outlook which could not be any more encouraging than this is.

POLICEMAN IS KILLED.

Sergeant O'Connell's Murder Attributed to Highwaymen.

Chicago, May 1.—Desk Sergeant Timothy S. O'Connell of the Woodlawn police station, was shot through the heart on the Eighteenth street viaduct near Canal street last night. It is thought he was murdered in an encounter with highwaymen. The only clew the police have is a square-crowned derby hat, which O'Connell evidently knocked from his assailant's head in the brief struggle that preceded the shooting. The theory of a highway robbery is borne out by the fact that O'Connell was dressed in citizens' clothes and would naturally be taken for an unarmed pedestrian. The sergeant's revolver was found lying on the sidewalk by the side of his dead body. The weapon was still in the holster, as if he had drawn it and was shot down before he had time to use it. Not a shot had been fired from it. The viaduct where the murder occurred is poorly lighted and one of the loneliest spots in Chicago.

The new train is in charge of Conductor Davis and reaches here from Janesville at 8:45 a. m. returning from Beloit at 9:45 a. m. Afton fares better than most small towns, as we have twenty-six passenger trains daily except Sunday, of which number the C. & N. W. Ry. runs eighteen and the C. M. & St. P. Ry. eight. Your Milk Bill

LATE TELEGRAPHIC NEWS.

SYMPATHY FOR THE BOERS

Is as 20 to 29 in the United States Senate.

PORTO RICAN BILL IS UP.

Lacey Bill Goes Through House—It Is to Enlarge the Powers of Agriculture—Hawallan Measure Is Signed—Budget of Items.

Washington, May 1.—Again the question of expressing sympathy for the Boers was thrust upon the attention of the senate. This time it came up on a motion to proceed to the consideration of the resolution introduced by Mr. Pettigrew (S. D.), which was before the senate last Saturday. The motion was defeated, 29 to 20, as follows: Yeas—Allen, Bate, Berry, Chandler, Clay, Hale, Harris, Heitfeld, Hoar, Jones (Ark.), Kenney, McCumber, McEnery, Martin, Mason, Pettigrew, Ross, Teller, Turner, Vest, Nays—Aldrich, Allison, Bard, Carter, Clark (Wyo.), Davis, Fairbanks, Foster, Frye, Gallinger, Gear, Hawley, Jones (Nev.), Kean, Lodge, McComas, Morgan, Nelson, Penrose, Perkins, Pettus, Platt (Conn.), Platt (N. Y.), Sewell, Shoup, Stewart, Sullivan, Warren, Walcott.

The conference report on the joint resolution relating to the administration of civil affairs in Porto Rico and providing for the appointment of temporary officers on the island was agreed to. During the greater part of the session the Alaskan civil-code bill was under consideration, but no progress was made. A bill appropriating \$40,000 to enlarge and improve the public building at Burlington, Iowa, was passed.

Lacey Bill Passed.
Washington, May 1.—The house passed the Lacey bill to enlarge the powers of the department of agriculture and to prohibit interstate commerce in game killed in violation of local laws. The senate bill to create a commission of five to investigate and report upon the commercial and industrial conditions in China and Japan was debated at length, but was vigorously antagonized by the democrats, and they finally succeeded in striking out the enacting clause in committee. If the motion prevails in the house the bill is dead. The bill for a constitutional amendment to disqualify polygamists for election as senators and representatives and to prohibit polygamy was referred to the committee on judiciary after meeting with opposition from both sides of the house.

Dowie and Contract Labor.
Washington, May 1.—John Alexander Dowie, the well-known faith healer of Chicago, and the "general overseer of the Christian Catholic church," was at the treasury department and held a conference with Secretary Gage and Assistant Secretary Taylor. He stated that he had recently purchased at Nottingham, Eng., five machines for making Nottingham lace, as well as other necessary machinery, which he would set up near Waukegan, Ill. He also had engaged under contract twenty experts in lace making. He was informed there would be no objection to his bringing over the men he had engaged.

Hawallan Bill Signed.
Washington, May 1.—The president signed the Hawallan bill at 12:40 Monday. When Hawaii was annexed to this country it had a bonded debt of about \$4,000,000, drawing a heavy rate of interest. This debt still exists, but under the act signed by the president it is to be assumed by the United States.

Labor and Oleomargarine.
Washington, May 1.—Senator Cullom presented to the senate a number of remonstrances from labor organizations against the passage of the bill to restrict the manufacture of oleomargarine.

Conference Report Adopted.
Washington, May 1.—The conference report on the Porto Rican bill was adopted by both house and senate late Monday afternoon and now goes to the president.

McKinley Under the Weather.
Washington, May 1.—President McKinley is suffering from a cold contracted on the trip to Canton. His ailment resembles grip.

Say He Has Bubonic Plague.
San Francisco, Cal., May 1.—It has developed that when the transport Sherman was out from Nagasaki four days a Japanese who shipped on the vessel from the latter port was taken with illness. It soon leaked out among the soldiers that he was suffering from bubonic plague, and a riot almost occurred aboard the transport. Several hundred soldiers threatened to throw the Japanese overboard. As soon as the vessel arrived in this port the Japanese was taken from the transport and landed at Angel Island, at which place his case is now under investigation.

Cloudburst in Mexico.
San Antonio, Tex., May 1.—Meager information received early this morning from Hondo, Mexico, states that much damage was done by a cloudburst yesterday, with possible loss of life. The mines were badly flooded.

TWO SERIOUS FIRES.

One Life Is Probably Lost at Gladwin, Mich.

Gladwin, Mich., May 1.—Aided by a high wind, fire destroyed sixteen buildings here, including the Methodist church, Michigan Central depot, sunswick hotel and the city house, causing a total loss of \$50,000. The fire originated in a billiard hall, and Albert Bergen, who slept there, is believed to have been burned to death. The destroyed property was insured for only about \$5,000.

Beaver Dam, Wis., May 1.—Fire broke out in the engine-room of the Beaver Dam Malleable Iron Works at 1 o'clock Tuesday morning and destroyed the plant, with a loss of over \$100,000. The fire also communicated to the freight depot of the Chicago, Milwaukee and St. Paul Railway, which, with five loaded cars and contents, was also destroyed with a loss of \$10,000. Other property in the business part of the city caught fire, but was not damaged to any great extent. The burned factory was insured for \$37,500.

Ask Light on Labor War.
Chicago, May 1.—The grand jury is continuing its investigation of the labor war, with the intention of finding out who are responsible for illegal acts that have been committed and bringing indictments. After hearing some testimony concerning various assaults, the jury issued subpoenas for six contractors, members of the Building Contractors' council. Three of them are W. D. O'Brien, president of the organization; W. F. Behel, chairman of the executive committee, and Victor F. Falkenau, chairman of the press committee. These men testified Tuesday.

Methodist Conference in Chicago.
Chicago, May 1.—The arrival of the board of bishops from Indianapolis and the assembling of delegates from many Illinois points commenced the visible activities of the Methodist general conference of 1900. One of the most important questions to come before the conference was passed on by the Chicago ministers during the day, when they voted against any change in the amusement rule of the church discipline. The position of Mrs. Griggs, the woman delegate who claims a seat, will cause a stir.

BOERS ARE VERY ACTIVE.

In Force Between Fourteen Streams and Kimberley.

MAY CUT OFF MESSAGES

Of the English at This Important Time When Gen. Hunter Is About to Start on a 200-Mile March to Mafeking with 5,000 Men.

London, May 1.—The Boers are now showing uncommon activity west of Bloemfontein. They are in force between Fourteen Streams and Kimberley. On Sunday they occupied Windsorton, west of the railway, and now threaten to interrupt the communications of the British force at Warrenton, to the north. This, too, at a time when Gen. Hunter is about to start on a 200-mile march to Mafeking, probably with 5,000 men.

A Ladysmith Dispatch.
Ladysmith, May 2.—The country north of Sunday's river seems comparatively clear of Boers. Gen. Louis Botha has returned to Pretoria to resume the supreme command of the Transvaal forces.

British Conquest This.
London, May 1.—A dispatch from Maseru, dated Monday, says: "The Basutos are a second time astounded to see the Boers peacefully retiring with herds which the natives think should be the booty of the British, who are said to be the conquerors."

According to information from Maseru, the main body of the Boers reached Leeuw river, due west of Ladysbrand, Sunday, small parties trailing behind at intervals of ten miles to protect the rear and whip up the herds. Slight outpost actions take place daily beyond Karee Siding, where the head of the British invasion is cantoned. African horse sickness has broken out in Gen. Buller's army. It proves especially fatal among freshly arrived animals. The Bloemfontein correspondents point out that the deficiencies in the veterinary department cause thousands of losses. Gen. Lucas Meyer, replying to Gen. Buller's complaint that some of the British prisoners at Pretoria are lodged in the town jail, says that only those are so treated who have tried or who are suspected of trying to escape. He retorts, moreover, that Boer prisoners are confined in the town jail at Pietermaritzburg with natives.

ARE IN STRONG POSITIONS.
Boers Holding Ridges Eastward of Thaba Nchu.

London, May 1.—The latest news received from the Orange Free State indicates that though the Boers have evacuated Thaba Nchu, they have only done so in order to occupy stronger positions. Yesterday Gen. De Wet made an effort to turn French's eastern flank which was only foiled by the cavalry after vigorous maneuvering. The Boers held the ridges to the eastward, whence they will probably fall back when the pressure of superior numbers increases.

The British casualties sustained during the Thaba Nchu fighting were slight.

Gen. French's object, now that all chance of catching the main bodies of the burghers has disappeared, is to harass the Boers and prevent any well-organized retreat.

From Beira, Portuguese East Africa, under date of Monday, April 23, comes the news of the arrival there of a Canadian twelve pounder battery. It is added that Gen. Sir Frederick Carrington, who is to command the British troops going to Rhodesia, has been cordially welcomed by the Portuguese officials, and that he has reviewed the Portuguese troops.

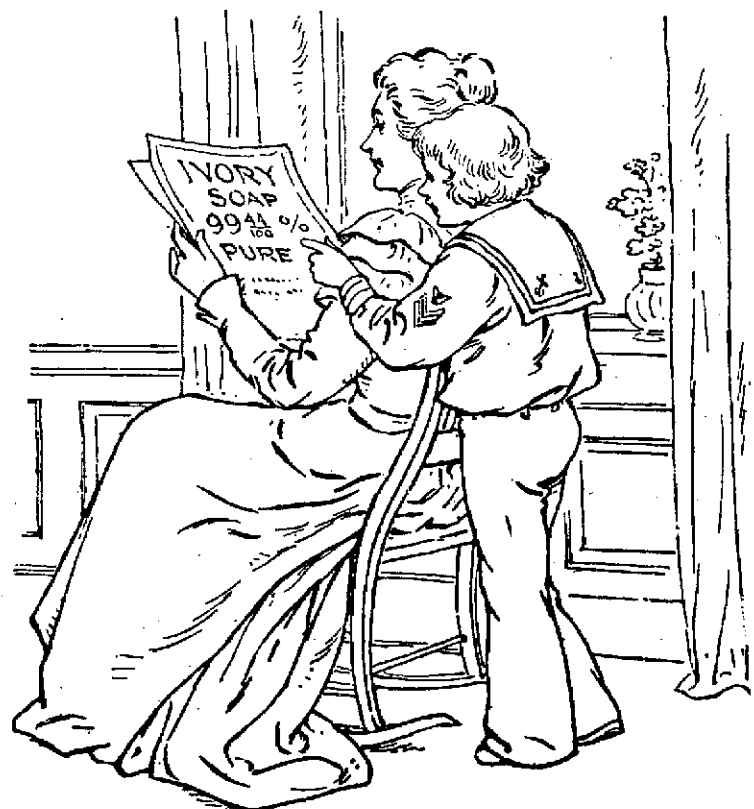

Cape Town reports say that Dr. Jameson has recovered from the severe attack of fever, from which he has been suffering, and he is mentioned as a candidate for one of the seats in the Cape parliament representing Kimberley, in succession to Dr. Frederick Rutherford Harris.

The agent of Julius Weil at Mafeking wrote, under date of April 12, most cheerfully, saying everything was satisfactory. He added that the Boers' guns were firing heavily into the town, and that a determined attack had been repulsed without casualties on the British side.

A conception of the continuous ravages of the war can be gathered from a Cape Town dispatch, dated today, briefly announcing the arrival from Natal of twenty-five officers and 252 men invalided home, and the sailing of the Aurania for England with 400 sick and wounded soldiers.

Endeavors are being made to remedy the remount trouble, a Simla dispatch stating that 500 experienced s. 150 shoemiths and fifty ficers have been drawn service in South Africa.

from the Philippines.
San Francisco, April 30.—The First Battalion of the Fourteenth United States infantry, which has been in quarantine, has landed at the reservation wharf of the Presidio, after two years of almost continuous fighting in the Philippines. The battalion was escorted to its camp by almost the entire force of the post, under command of Major Rucker.

At 16 she married a man of 32, at 30 she took one of 60, and now, at 42, she is united to a gentleman of 84.

Wisconsin Weather Forecast

Fair and warmer; possibly showers.

THIS DAY IN HISTORY.

1628—Pamlico de Narvez discovered bay of Pensacola, Fla.; out of 300 soldiers in the expedition all but 4 perished. Narvez lost his life in attempting to cross the gulf off the mouth of the Mississippi. His followers traversed New Mexico and California.
1672—Joseph Addison born; died 1719.
1680—Commissioners from the colonies met at New York; first instance of a congress of the colonies.
1700—John Dryden, poet, died; born 1631.
1769—Arthur Wellesley, duke of Wellington, born in Dublin; died 1852.
1804—Jacob Meyerbeer, German musical composer, died; born 1791.
1886—Commodore George Dewey, with the Asiatic fleet, defeated the Spaniards in Manila harbor, Philippine Islands. A bill reviving the rank of admiral and elevating Dewey to that position became a law in March, 1890.
1890—Dewey day generally celebrated in the United States and possessions, especially on the sea. Spain's agent received warrants for the \$20,000,000 stipulated in the treaty in payment for cession of the Philippines.

"A FORMIDABLE CANDIDATE"

The Fond du Lac Commonwealth apparently takes kindly to Senator Whitehead's candidacy, saying:

The indorsement of Senator J. M. Whitehead of Jamesville for governor, first by his home county, Rock county, and then by his home district, the First, places him in the list of formidable candidates. Senator Whitehead has an excellent legislative record to his credit and is recognized as an able attorney with a striking personality. His following is in keeping with his worth, it will be large.

Rock Journal—The elevation of Henry Allen Cooper to the vice presidency would be a fitting and doubtless Mr. Cooper would be a most acceptable candidate, but "Proteus" in the Milwaukee Sentinel will hardly succeed in getting the first district to consent to this movement. They have just nominated him for a fifth term to congress and the busy season is coming on. Not that the people of this district would not be glad to see Mr. Cooper elevated to the second highest office in the nation for certainly it would be one of the greatest of compliments, but it is not believed Mr. Cooper himself would be inclined to enter the race for such a nomination.

If the cost is the only thing in the way why not establish a nickel in the slot police force? A horse and buggy could be kept at some central point, and by putting in your nickel you could get the horse with which to hunt up a policeman. This system would be self supporting, and would save the citizens a heap of running in a year.

Jamesville stands at the head in the matter of railway facilities. No city in the state can boast of better train service, and when the new line is completed the Bower City will be the acknowledged leader. Manufacturing concerns should bear this fact in mind. Jamesville affords them advantages that no other town in the northwest can equal.

The Oshkosh paper denies the statement that two game wardens shot two Oshkosh men while the latter were catching fish illegally, saying that "no such incident occurred." Oshkosh must be jealous of Frankfort, Kentucky—otherwise the killing of the two men would hardly be dismissed as an "incident."

Mayor Harrison, of Chicago, is wearing a black eye that he says he received in a bicycle accident. We hope that Admiral Dewey will also accept this explanation and make no unkind remarks while he is in Chicago.

Captain Carter, who made \$550,000 out of the frauds practiced at Savannah, is now keeping books in the Leavenworth military prison—a fearful punishment, surely.

The Milwaukee Journal says Wisconsin republicans have no leader. What of it? The swath out by republican principles is so wide that the people can travel it without a leader.

Eligerton business men are progressive and enterprising. What other city in the state would have thought of hiring Phinney's famous band for a free open air concert?

I. U. Fisher, of Center, announces himself a candidate for the republican nomination for sheriff of Rock county, and his friends are active in his support.

The democratic party is also without a leader, but it doesn't need one, either—because it isn't going anywhere.

Are we to understand that the daily announcement of Mr. La Follette's candidacy is suspended or was today's story simply delayed in transmission?

Nobody would care, perhaps, if the

riders who carried neither lamp nor bell didn't scorch through the business streets of nights.

A big Chicago brewery burned the other day, but generous, public spirited Milwaukee stands ready to see that no suffering results.

People who "favor lower taxes" can now have an inning and go on record in a case where there is a tangible saving in sight.

In printing an X-ray picture of Governor Tanner's liver The Chicago Chronicle has even scooped The Medical Record.

Beloit also boasts of the only uniformed police force and patrol wagon outfit in Rock county.

SINNISSIPPI CLUB
ACTED AS HOSTS

Gave Delightful Party in the Armory Last Evening—Several Guests From Out of the City.

Members of the Sinissippi Golf club gave a dancing party at the Armory last evening that proved all that could be desired. About fifty couples were present and from 8:30 o'clock till 12:30 two steps and waltzes held sway with an occasional quadrille. Although not well attended the affair was none the less enjoyable. It was a full dress party and many of the ladies wore gowns that were in keeping with the occasion.

The orchestra of ten pieces, from the State School for the Blind under the leadership of Prof. Adams furnished the music which was above criticism. Several times they were obliged to respond to encores. J. G. De Long and A. Schaller had charge of the floor and did their work well. The party proved one long to be remembered and the committee of arrangements have good reason to well feel proud of their efforts. Among the guests were:

Mrs. Scott, Fond du Lac.
Nellie Treat, Monroe.
Katherine Curtis, Fort Atkinson.
Genevieve Scott, Fond du Lac.
Templins, Chicago.
Misses:
J. G. De Long, Chicago.
Earl Anderson, Madison.
Herbert Kent, Chicago.
Albert Holmes, Fort Atkinson.

No Doubt at It.

"Do you think there will be any trouble in securing volunteers for service in the Philippines if another call is made?" asked the Ohio man.

"There won't be, huh," replied Colonel Lexington. "If all the states respond as freely as my state will, huh."

"Kentucky will come right to the front, then, with her quota?"

"Yes, huh. Kentucky stands ready; huh, to furnish all the colonels the government needs."

FOURTH OF JULY AT PARIS.

American Flag to Fly From Every Public Building and Eiffel Tower.

July 4 at the Paris exhibition will be the greatest American day ever seen in Europe. Commissioner General Peck has given to the New York Journal the following outline of the plans prepared for the celebration:

"Exactly at noon on July 4 the largest American flag ever made will be unfurled from the top of the Eiffel tower. Its folds will be released to the breeze by President McKinley pressing an electric button in the White House. The current will flash under the Atlantic to the top of the tower. The difference in time will require the president to perform the ceremony at 7 o'clock in the morning, Washington time.

"The American flag will also float that day from the top of every public building in Paris, and all the boats on the Seine will carry it. Hundreds of thousands of stars and stripes will be seen everywhere in Paris, and greetings will be exchanged between the presidents of France and the United States.

"Another historical ceremony the same day will be the unveiling of the statue of Lafayette, presented by the American people to France. The best representatives of both republics will speak. It will be a great day for America in Europe."

The American sections of the Paris exhibition are further advanced than those of any other country. With most of the buildings scarcely completed, practically no interior work has been done by the other nations in the respective departments. America will be the only one ready for the opening on April 14. The reason is that 300 American workmen have been brought over specially to rush everything as fast as possible. The way they make things fly is astonishing the European workmen, while American energy, tricks of trade and individual resources under every disadvantage are giving surprising results.

A Saleslady's Discovery.

Scene: A Department Store. Miss Susie and Miss Nellie behind the counter at 8 a.m.

Miss Susie: "Say, Nellie, you don't look like dancing everybody down as you did last night."

Miss Nellie: "I don't feel like it, either, but your brother gave me this to take if I felt bad today." (Showing powder.)

Miss S.: "Let's see. Oh! my Doctor started that in our family, and we take it for all sorts of things."

Miss N.: "What does it do?"

Miss S.: "Stops headache, grip and neuralgia quicker than spit, and makes you feel fine when you get played out. It carried me through last month. Didn't lose a day or suffer, either. Perfectly safe, too."

Miss N.: "What do you call it?"

Miss S.: "Orangeine." You see it all over now, and all the doctors recommend it."

Humanity's cry for safe strength and relief in time of need has been answered by "Orangeine." "Stimulates, strengthens, sustains."

FOREST FIRES ARE RAGING.

Great Damage Is Being Done in Northern Wisconsin.

Marquette, Wis., April 30.—Forest fires raged furiously north of Fisher, Mich., along the right of way of the Wisconsin and Michigan Railway, Saturday and yesterday. The property damage will be large. The station water tank and other property of the railroad company and a large cedar yard belonging to the C. H. Worcester company at Ames, Mich., were destroyed by fire, and the town was practically wiped out, entailing a loss of about \$30,000 or more. Considerable stock at Nathan, Mich., was also destroyed. The Wisconsin and Michigan ran a special train up the line Sunday to rescue the people in the small villages along the road. All the inhabitants of the towns of Ames and Nathan were taken to Pembine for safety. It is said the Wisconsin and Michigan passenger which left here last night was unable to get farther north than Fisher. At that place only heroic resistance saved the town.

Forest fires are burning everywhere north of here, and further damage will result unless there is rain. The country is very dry and the fires spread rapidly. Fires are said to be burning along the right of way of the Milwaukee road north of Ellis Junction.

Franchisees Can \$41,000,000.

Albany, N. Y., May 1.—Final valuations on the franchisees of the big New York city corporations have been announced by the state tax commission. The total reduction, although it amounts to \$41,228,631 for all the city corporations, is not what the aggregations of capital demanded or the politicians hoped. The reductions made on the franchisees of the big corporations are: Metropolitan Traction, \$9,776,563; Manhattan Elevated, \$9,372,300; Brooklyn Rapid Transit, \$6,050,500; Third Avenue Railroad, \$3,084,999; Harlem Street Railway, \$2,052,000; Consolidated Gas company, \$1,878,600; Brooklyn Union Gas company, \$1,198,800; New Amsterdam Gas company, \$1,135,135; Standard Gas company, \$316,000; Mutual Gas company, \$376,936; Edison Electric company of New York, \$1,019,970; Edison Electric company of Brooklyn, \$293,213.

Big Railway Strike Delayed.

Buffalo, N. Y., May 1.—Without consulting the New York Central carshop strikers, 1,200 freight handlers, employed by all the railroads here, struck at 6 o'clock Monday night, in sympathy with the men who are out. Two weeks ago they submitted to the railroads a demand for higher wages. The replies were not satisfactory. These freight handlers are employed at the transfer houses where the eastern and western roads load and unload the cars not billed for through shipment. Their strike will delay all freight of that character.

Won by a British Publisher.

New York, May 1.—In its first suit ever brought in this country, the University of Oxford has obtained a victory in that the Oxford University Press has succeeded in establishing its right to the exclusive use of the word Oxford as a designation of the Bible published by that corporation. The United States Circuit court has decided in favor of the university as against the Wilmore-Andrews Publishing company, the defendant.

V-L-R Breath from Death.

Milwaukee, Wis., May 1.—Mrs. Myra Griffith, a cloak model in one of the department stores here, fell in front of a car on Grand avenue in a faint. The next instant an unknown man seized her by the feet and pulled her off the rails. The veil she wore was caught by the flange of the wheel and torn from her face.

Beats Elliott Three Birds.

Springfield, Ill., May 1.—In a match at 100 live birds here Fred Gilbert of Spirit Lake, Iowa, defeated J. A. R. Elliott of Kansas City, killing ninety-six birds to ninety-three by Elliott. Three of Elliott's last birds died out of bounds. The match was for \$100 a side. The event inaugurated the spring tournament of the Illinois Gun club, which will continue until Saturday.

Farmer Stops a Freight Train.

Farina, Ill., May 1.—South-bound local freight No. 91, Illinois Central, Jerry Cavanaugh conductor, was flagged four miles south of Farina, Ill., half way between Farina and Laclede, by a 50-year-old but innocent Dutch farmer named E. Boomgarten. He explained his action by telling the conductor he expected a package by freight and said if the train had brought it he would hitch up his mule team and drive to Farina and get his property. Conductor Cavanaugh was excusably choleric for some minutes.

EASILY PROVEN.

There is Not the Slightest Necessity for Leaving Janesville to Look for Proof.

The experience given below by this well-known citizen of Janesville is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Janesville cannot ask for any better authority on this point than that given by Veteran A. F. Lee, of 51 Shuron St., carpenter, who says:

For twenty years it troubled me a great deal, many days I could hardly keep at my work, and by rights should have staid at home and doct red. It was when I had my back ached so, and I have been completely laid up for the last four days at a stretch. When stopping or lifting anything, I felt the kidneys, the secretions from those organs were too frequent, and accompanied by pain. I used all kinds of remedies but none gave permanent relief. One of Dr. Lee's Pills at the People's Drug Co., I took 4 cts., and after the first 1 run or four days a noticeable change was brought about. I improved steadily from then on and on complete the treatment I was in good condition and am now well.
